

HCGB Club show 2018  
Special Award Classes.

Novice Dog or Bitch.

Entries 7.

1<sup>st</sup> Alexandra Donnan - **Farmwatch Snow Storm**. Steady 7 month old black male. Medium type, already very nice bone for age. Nice head with correct set and carried ears. Medium brown eye. Scissor bite. Already very nice coat, correct jet black colour, beautiful length, structure & texture. Tail correct. Nice angulation front and back. Very well balanced pup for age, which shows in his fluent movement. A typical bouncy puppy. Open friendly character and nicely presented. Very promising youngster.

2<sup>nd</sup> Lucy Campbell - **Micona Juliet**. Pretty 15 month old black & gold female of medium type and bone. Correct feminine head with correct set and carried ears which are small in size. Medium brown eyes. Scissor bite. She is out of coat at this moment as she lacks black shine and is rather short in coat. Nice complete gold markings. Tiny white chest spot. Tail correct. Front angulation slightly steep, rear angulation correct. Moved well seen from the side, slightly close behind. Easy friendly character and well presented. Very good.

3<sup>rd</sup> M. Cox - **Farmwatch Snow Maiden**. Sweet 7 month old blond female. Strong type and bone. Strong head, short in muzzle giving the optical illusion of having a broader head. Ears correct. Medium brown eyes. Scissor bite. Tail correct. Already very nice thick coat and texture of good length and dark blond in colour with adequate amount of shading. Angulation correct. Typical bouncy puppy with unbalanced movement, she is slightly narrow in the hocks. This puppy is fed too lovingly. Sweet friendly character and well presented. Another promising youngster, who is going to take her time in developing.

4<sup>th</sup> John & Elaine Sharpe - **Pines Flash Bang Wallop**.  
VHC Mark Tyerman - **Farmwatch Snow Shadow**.

Post Graduate Dog or Bitch

Entries 4.

1<sup>st</sup> L. Nichol - **Bergenhovs Jackpot**. 4 year old black & gold male of nice size and type, medium bone. Good male head, medium brown eye, correct set and carried ears. Scissor bite. Very nice coat in texture and length with warm gold markings, which are complete. Tail set and length correct, carried in a slight ring. On the move he needs plenty of space to show his good extended far reaching drive, lovely from the side. In the front tends to paddle if he cannot go fast enough. Narrow and close behind. Friendly character and well presented. Excellent.

2<sup>nd</sup> John & Elaine Sharpe - **Quincebois Tulipwood by Pines**. Almost 4 year old black & gold feminine harmonious bitch of finer type. Good head with kind expression and medium brown eye. Correct ears. Scissor bite. Good top line and overall balance. Rear angulation very nice, slightly steep in front. Tail ok. Complete gold markings and good black coat which ideally would be longer and fuller. Nice on the move when going good pace but narrow and close behind. Friendly character and well presented. Excellent.

3<sup>rd</sup> Lynda White & Elizabeth Whitmore - **Driftingsky Alize**. 4 year old black & gold female. Strong type and bone. Strong head with medium brown eye. Correct ears. Scissor bite. Too strongly marked all over and the markings are of a paler colour. Really well developed body and perhaps also too lovingly fed. Good angulation back and front which shows in nice movement seen from the side but again, like all the dogs in this class, narrow and close behind. Ideally would like straighter top-line and pasterns. Kind natured dog and well presented. Very good.

4<sup>th</sup> Janice Robinson & Dave Brown - **Zwartbos Moonshine Whiskey**.

Class 26 – Open Dog or Bitch.

Entries 9

1<sup>st</sup> Lynda White & Elizabeth Whitmore - **IHF Ch. Driftingsky Mist**. 9 year old black & gold female of medium type and bone. You can describe her as being perfectly balanced in all respects. Attractive correct head with medium brown eye. Correct ears well set and carried. Scissor bite. Correct complete markings. For age still very good coat in colour, length and texture. Nice tail set and carriage. Well angulated back and front which shows in good movement. Friendly and confident dog, well presented. Excellent.

2<sup>nd</sup> Gina Challoner - **Isalynn van Elderens' Hof at Farmwatch**. 4 year old blond female. Strong type and bone. Nice strong head while still remaining very feminine. Dark eye and perfectly correct ears in all respects. Very good pigment for blond. Scissor bite. Thick dark blond coat with adequate shading and of very good texture. White on chest. All round well balanced female with good angulation front and back, very nice movement with good drive but slightly close behind. Friendly and confident dog, well presented. Excellent.

3<sup>rd</sup> V. Shone - **Zwartbos Chale**. 7 year old black female. Very nice type and size. Medium bone. Correct head with medium to dark brown eye. Ears are of great shape and size but set slightly low and carried back. Scissor bite. Another nicely balanced female with lovely angulation and good movement. Nice top-line and pasterns. Correct tail carriage. Coat is of nice length and texture, however I think currently out of coat as she could have more black shine. White on chest and a few specks on foot. Calm friendly dog, well presented. Excellent.

4<sup>th</sup> Janice Robinson & Dave Brown - **Zwartbos Moet**.  
VHC K. Allen - **Kanukalos Allegro**.

Hester Oxborrow (van de Hoevemeester)
